EXPOSITORY WRITING PROGRAM

Welcome

The Expository Writing Program offers an array of writing courses: 109/110, 111, 115, 121, 131, 182, 281, 282, 381 and 382. All 100-level writing courses in the Expository Writing Program are designed around and help students meet a shared set of outcomes. These outcomes are intended to prepare students for writing in a variety of academic contexts. More than 5,000 students each year take one of our courses, each of which satisfies the University's "C" course or composition requirement.
